NCUC Docket E-34 Sub 54**

New River Light and Power Company  
Net Billing Rider for Renewable Energy Facilities  
Schedule “NBR”

Availability

This Rider is available to Customers on New River Light and Power Company’s (NRLP) Rate Schedules R, G and GL who operate a photovoltaic (PV) generation source of energy that is installed on the Customer’s side of the delivery point, for the Customer’s own use, interconnected with and operated in parallel with the Company’s distribution system.

The rated AC capacity of the PV generation source shall not be designed to exceed the Customer’s anticipated annual peak kilowatt demand or 20 kilowatts (kW) for a residential system or 1,000 kW for a non-residential system, whichever is less. Any PV generation source connected in parallel operation with service from NRLP and located on the Customer’s premises must be manufactured, installed, and operated in accordance with governmental and industry standards and must fully conform with the NRLP’s applicable interconnection standards.

Monthly Rate

The bill amount computed under the applicable rate schedule, including any other applicable riders. Energy Charges (or Credits) shall be based on the net kilowatt hours (kWh) purchased from or delivered to NRLP for the bill month. For any bill month during which the Energy Charges are a net credit, the respective Energy Charges for the month shall be zero. Any Energy Credits shall carry forward on the following month’s bill. Effective on January 1 of each year, any accrued credit will be reset to zero. Credits shall not offset the Basic Facilities Charge or the Demand Charge.

NRLP will charge Customers a Standby Supplemental Charge (SSC) for distribution facilities required to serve the Customer’s full load at times when the PV generation energy source is not available. The monthly bill amount to Customers under this NBR Rider will include an SSC.

New River Light and Power Company  
Net Billing Rider for Renewable Energy Facilities  
Schedule "NBR"

Standby Supplemental Charge: A monthly per kW charge applied to the rated AC capacity of the PV generation energy source installed will be applied as follows:

Customers receiving service under Schedule R - \$5.92 per kW

Customers receiving service under Schedule G - \$6.39 per kW

Customers receiving service under Schedule GL -\$3.59 per kW

For the purposes of this Schedule NBR, the rated AC capacity for the application of the SSC shall be 1) the maximum output of the Customers PV system as measured by NRLP from those Customers currently served under NRLP's existing buy all/sell all rate schedule or 2) the designed AC kW output of the PV system as provided by the Customer's solar installer as included in the interconnection request.

Any renewable energy credits (RECs) associated with electricity delivered to the grid by the Customer under Schedule NBR shall be retained by the Customer.

**Rider Requirements and Conditions**

1. The Customer must complete an interconnection request and submit same to NRLP prior to receiving service under this Rider.
2. In the event NRLP determines that it is necessary to install a dedicated transformer or other equipment to protect the safety and adequacy of electric service provided to other customers, the Customer shall pay an Extra Facilities Charge as identified in NRLP's Schedule MS.
3. By subscribing to this Rider, the Customer grants NRLP access to Customer's property and premises as necessary to test the Customer's PV generation energy source for compliance with the applicable interconnection standards of NRLP. Should it be determined that the Customer's installation is in violation, NRLP will disconnect the PV generation energy source from NRLP's distribution system. The PV generation energy source will remain disconnected until the installation is brought back into compliance.

Schedule "NBR"**

4. If the Customer is not the owner of the premises receiving electric service from NRLP, NRLP shall have the right to require that the owner of the premises give satisfactory written approval of the Customer's acceptance of service under this Rider.

**Contract Period**

The Initial Period for service under this Rider shall be one year and thereafter shall be renewed for successive one-year periods. After the initial period, the Customer may terminate service under this Rider by giving at least sixty (60) days prior written notice to NRLP of such termination. NRLP may terminate this service under the terms of the Customer's applicable Rate Schedule or for violation of any requirement or condition on this Rider.
